

ANIMAL VETERINARY SCIENCES

Explore More About This Program: <https://cwi.edu/program/animal-veterinary-sciences>

Program Description

The Animal Veterinary Sciences major has a strong foundational basis in the sciences. The curriculum is designed to prepare students with interests in the following career areas:

- Agriculture production
- Animal health
- Veterinary medicine
- Veterinary technology
- Animal behavior
- Agriculture sustainability
- Agriculture extension

The program of study will prepare students for a wide range of agricultural occupations, as well as transfer to four-year universities and professional programs. Students are encouraged to contact their advisors and their future transfer institution (if known) for additional information regarding course selection.
