Students must select an "E" designated (Ethical Reasoning) course to fulfill one of their General Education requirements.

¹ This general education (GE) course is recommended by the department as the most beneficial GE option for students in this program. **Please note that students may fulfill their GE requirement by completing another course from within the applicable general education category.**

² This course fulfills the Ethical Reasoning requirement for an associate degree from CWI.

³ Communication majors are encouraged to take the Math Diagnostic upon acceptance to CWI if they did not submit ACT or SAT scores for math placement. The Math Diagnostic will inform the student if a review course such as MATH 097, MATH 098, or MATH 099 is needed prior to

enrolling in their chosen GEM 3 course. If a student changes majors at the AA or BA level, or is considering graduate school, the Department of Communication, Marketing, and Media Arts recommends enrolling in MATH 143.

⁴ Must include a lab component.

⁵ Course must come from a different discipline.
