Program Learning Outcomes

Upon successful completion of this program, students will be able to:

• Perform supportive dental assisting tasks including preventative care instruction, infection control, and workplace safety.
• Demonstrate skill in technical procedures and adjusting those procedures to the needs of the patient and the dentist.
• Communicate professionally with the patients and members of the dental health team.
• Function as a member of the health care team in an ethical and professional manner.
• Contribute towards activities that promote dentistry in the community.
• Recognize the need for and assume the responsibility for continuing education.
