## Related Degree Plan of Study Guide: Geographic Information Systems Academic Certificate and Geography Associate of Arts Degree

The course sequence listed below is strongly recommended in order to complete all of the requirements for multiple programs. Please register for each semester as shown using the Student Planning tool in myCWI. Consult your Student Success Advisor for any questions regarding this course sequence plan.

The courses listed below are strongly recommended to facilitate the completion of requirements for both an Academic Certificate (AC) in Geographic Information Systems **and** an Associate of Arts (AA) degree in Geography. If students complete the courses listed below, they will be eligible to graduate with **both** an AC in Geographic Information Systems **and** an AA degree in Geography.

NOTE: If you would like to earn the Geography AA **without** the AC, please visit the [Geography AA](#) catalog page for a detailed list of requirements.

<sup>1</sup> Geography majors are encouraged to take the Math Diagnostic for math placement upon acceptance to CWI if they did not submit ACT or SAT scores for math placement. The Math Diagnostic will inform the student if a review course such as MATH 097 is needed prior to enrolling in MATH 153.

<sup>2</sup> PHIL 101 Introduction to Philosophy or PHIL 103 Introduction to Ethics will fulfill the Ethical Reasoning requirement for an associate degree from CWI.

<sup>3</sup> Course must come from a different discipline.
