

# HORTICULTURE TECHNOLOGY - ASSOCIATE OF APPLIED SCIENCE DEGREE (AAS)

Explore More About This Program: <https://cwi.edu/program/horticulture-technology>

## Degree Quick Facts

- **Instructional School:** Science, Technology, and Math
- **Department:** Agricultural Sciences
- **Program Code:** HRTC.AAS
- **Program Type:** Career and Technical Education
- **Available Fully Online:** No
- **Eligible for Federal Financial Aid:** Yes

NOTE: Courses required for this program *may* have an additional fee; more information can be found on the [Special Course Fees](#) web page.

## Degree Requirements

Course	Course Title	Min Credits
<b>General Education Requirements</b>		
ENGL 101	Writing and Rhetoric I (GEM 1)	3
COMM 101	Fundamentals of Oral Communication (GEM 2)	3
GEM 3 - Mathematical Ways of Knowing course		3
GEM 6 - Social & Behavioral Ways of Knowing course		3
GE Elective course		3
<b>Major Requirements</b>		
HRTC 106	Annuals and Perennials	3
HRTC 107	Landscape Management: Maintenance	3
HRTC 108	Plant Propagation and Management	3
HRTC 110	Plant Science	3
HRTC 140	Soils and Plant Nutrition	3
HRTC 144	Horticulture Internship and Seminar	3
HRTC 152	Landscape Management: Irrigation	3
HRTC 155	Urban Agriculture	3
HRTC 203	Landscape Plants	3
HRTC 204	Landscape Management: Installation	3
HRTC 208	Greenhouse and Nursery Management	3
HRTC 220 or HRTC 257	Interior and Floral Plant Design Landscape Design II	3
HRTC 252	Landscape Management: QWEL	3
HRTC 255	Integrated Pest Management I	3
HRTC 256	Landscape Design I	3
HRTC 295	Horticulture Business Management Practicum	3
<b>Minimum Credit Hours Required</b>		<b>63</b>

## Degree Plan: Fall Or Spring Start

The course sequence listed below is strongly recommended in order to complete your program requirements. Many Career and Technical Education (CTE) courses have prerequisites and/or corequisites that have been accounted for within this course sequence plan. Please register for each semester as shown using the Student Planning tool in myCWI. Consult your advisor for any questions regarding this course sequence plan.

### First Year

Fall		Credit Hours
HRTC 106	Annuals and Perennials	3
HRTC 107	Landscape Management: Maintenance	3
HRTC 108	Plant Propagation and Management	3
HRTC 110	Plant Science	3
GEM 3 - Mathematical Ways of Knowing course		3
<b>Total Semester Credit Hours</b>		<b>15</b>

### Spring

COMM 101	Fundamentals of Oral Communication (GEM 2)	3
ENGL 101	Writing and Rhetoric I (GEM 1)	3
HRTC 140	Soils and Plant Nutrition	3
HRTC 144	Horticulture Internship and Seminar	3
HRTC 152	Landscape Management: Irrigation	3
HRTC 155	Urban Agriculture	3
<b>Total Semester Credit Hours</b>		<b>18</b>

### Second Year

Fall		
HRTC 203	Landscape Plants	3
HRTC 204	Landscape Management: Installation	3
HRTC 255	Integrated Pest Management I	3
HRTC 256	Landscape Design I	3
GEM 6 - Social & Behavioral Ways of Knowing course		3
<b>Total Semester Credit Hours</b>		<b>15</b>

### Spring

HRTC 208	Greenhouse and Nursery Management	3
HRTC 220 or HRTC 257	Interior and Floral Plant Design or Landscape Design II	3
HRTC 252	Landscape Management: QWEL	3
HRTC 295	Horticulture Business Management Practicum	3
GE Elective course		3
<b>Total Semester Credit Hours</b>		<b>15</b>

**Minimum Credit Hours Required 63**

## Program Learning Outcomes

Upon successful completion of this program, students will be able to:

- Demonstrate proficiency and comprehension of scientific principles, reasoning, and methods that comprise the disciplines of plant and soil science. Examples include, but are not limited to, plant anatomy, plant physiology, plant pathology, entomology, weed science, and pesticide and fertilizer chemistry.

- Identify a broad spectrum of plant families, genus, and species including life cycles, zone hardiness, and cultural requirements and be able to articulate this information using proper plant nomenclature and terminologies to other employees, supervisors, and customers.
- Develop and use the durable skills provided through general education including effective oral and written communication skills.
- Perform and demonstrate accurate computation and mathematical skills required for industry tasks and calculations.
- Produce, grow, and/or install a wide variety of plant materials using best management practices for marketable, functional, and aesthetically pleasing designs.
- Obtain horticulture business management experience in a student's area of individual interest and expertise.
